

Compleo to appoint new Chief Financial Officer

Expansion of the Compleo Management Board from January 2021 | Peter Gabriel named new CFO | Co-CEO Georg Griesemann to focus on business growth

Dortmund, 18 December 2020 | The Supervisory Board of Compleo Charging Solutions AG has appointed Peter Gabriel a member of the Management Board. He will assume the role of Chief Financial Officer (CFO) of the Dortmund-based Greentech company with effect from 1 January 2021. Compleo is one of the leading providers of charging solutions for electric vehicles and went public in October 2020 to capitalise on the current momentum in the electric mobility market and implement its growth strategy.

In his role as CFO, Gabriel's mission is to secure Compleo's operations by building a strong and efficient financial infrastructure. Furthermore, the CFO will coordinate all of the company's financial matters. Co-CEO and current CFO Georg Griesemann will hand over his responsibility for this area at the beginning of the year and, as Co-CEO, continue to focus more on the strategic direction of the company as well as the areas of business development, sales, marketing and mergers & acquisitions (M&A).

"We are delighted to have Peter Gabriel, a very experienced and skilled finance expert, join Compleo Charging Solutions AG. He has successfully driven Compleo's IPO as an external advisor since the summer of 2020. We are convinced that he will make an important contribution with his profound knowledge to successfully position Compleo for the future and the next stock market years. His extensive and long-standing experience with a leading international financial investor and as an auditor are of particular value to us in this regard," said Compleo co-founder and Supervisory Board Chairman Dag Hagby, who was also Managing Director of the company until 2019.

Peter Gabriel most recently worked as a self-employed advisor in the private equity sector. With 20 years of professional experience, he looks back on positions at Triton Partners as the contact for DACH investors and as head of portfolio development, as well as auditor at KPMG, among his other positions. Gabriel is a certified public accountant, a business graduate and an industrial clerk. "The last six months of our cooperation have shown us how excellently we complement each other both professionally and personally. I am looking forward to the new task and thank the Supervisory Board for the trust they have placed in me," said Compleo Charging Solutions AG's new CFO Peter Gabriel.

Alongside Peter Gabriel (CFO) and Georg Griesemann (Co-CEO), Checrallah Kachouh (Co-CEO) and Jens Stolze (COO) whose responsibilities remain unchanged, also belong to the Compleo Charging Solutions AG Management Board. The Supervisory Board is made up of three experienced managers, Managing Director of EBG group Dag Hagby, Dr. Bert Böttcher, tax advisor and auditor, as well as a member of the Supervisory Board of KPMG Germany, and Ralf Schöpker, Managing Director of Helima Industries GmbH.

About Compleo | Compleo is a leading supplier of charging solutions for electric vehicles. The company supports complete solution providers with its charging stations and, if required, also with the planning, installation, maintenance, service or backend of the charging infrastructure. Compleo's offering includes both AC and DC charging stations. Compleo's DC charging stations are the first DC charging stations on the market that comply with German calibration law (Eichrecht). The company develops and manufactures all products at its Dortmund site. The manufacturer focuses on innovation, safety, consumer-friendliness and economy. Its customers include Allego, E.ON, EWE Go, Deutsche Telekom, Siemens and over 150 public utilities in Germany. Compleo started production of the first charging stations in 2009. The fast-growing company has its headquarters in Dortmund and currently employs more than 220+ people. More information is available at: www.compleo-cs.de/
